

## Overview

## Product information

**EGD-600A-B250-B/S-OR-01-28040000257**

Simple high current connector, Rated current: 600A, Rated voltage: 1500V  
Applied to high voltage connection of battery systems such as household energy storage, industrial and commercial energy storage, etc.

## Product advantages

- Can be wired from any of the four directions
- Easy to install
- Quick maintenance

## Product certification

## Technical data

## Product drawing

## 3D model

## UL Electrical parameters

Rated current

100A

## Environmental conditions

Operating ambient temperature (including temperature rise)

-40°C-125°C

## Material data

Shell color

Orange

## Material characteristics

Plating material

Silver plated

## Electrical parameters

Rated voltage

1500V
