

Overview

Product information

DT22A-EP11/RD-31010000046

φ22mm Emergency Push Button, Rotary Reset, Color: red, Contact Type: one normally open and one normally closed

Product advantages

- ☒ Self-locking connection without fasteners
- ☒ Strong impact resistance and vibration resistance
- ☒ Efficient and convenient disassembly, suitable for a variety of occasions

Product certification

Technical data

Product drawing

3D model

□

General parameters

Insulation resistance

≥ 100 MΩ

Technical specification

Environment humidity

45-85%RH

Vibration resistant

1.0mm/50HZ

Mechanical life

≥ 2 million times

Electrical life

≥ 200,000 times

Nominal insulation voltage

660V

Conventional heating current

10A

Environmental data

Ambient temperature (operation)

-25 °C ... 55 °C

Accessories

Business data

Order number	31010000046
Packing unit	10
Minimum order quantity	10
Products weight (without packaging)
