

Overview

Product information

**DT22A-MRD11/RDAC/DC24V-31010000065**

φ22mm Mushroom Button With Lamp, Self-Resetting, Color: red, Contact Type: one normally open and one normally closed, Voltage: AC/DC 24V

Product advantages

- ☑ Self-locking connection without fasteners
- ☑ Strong impact resistance and vibration resistance
- ☑ Efficient and convenient disassembly, suitable for a variety of occasions

Product certification

Technical data

Product drawing

3D model

□

General parameters

Insulation resistance

 $\geq 100 \text{ M}\Omega$

Technical specification

Environment humidity

45-85%RH

Vibration resistant

1.0mm/50HZ

Mechanical life

 ≥ 2 million times

Electrical life

 $\geq 200,000$ times

Nominal insulation voltage

660V

Conventional heating current

10A

Environmental data

Ambient temperature (operation)

-25 °C ... 55 °C

Accessories

Business data

Order number	31010000065
Packing unit	10
Minimum order quantity	10
Products weight (without packaging)
