Overview

Product information

DT22A-FBZ/RDAC/DC24VL-31020000007

φ22mm Flashing-Buzzer, Color: red, Sound: intermittent tone, Voltage: AC/DC 24V, Type: long

Product advantages

☑ Self-locking connection without fasteners
☑ Strong impact resistance and vibration resistance
☑ Efficient and convenient disassembly, suitable for a variety of occasions

Product certification

Technical data

Product drawing

3D model

General parameters

Insulation resistance	≥ 100 MΩ

Technical specification

Environment humidity	45-85%RH
Vibration resistant	1.0mm/50HZ
Mechanical life	≥ 2 million times
Electrical life	≥ 200,000 times
Nominal insulation voltage	660V
Conventional heating current	10A

Environmental data

Ambient temperature (operation)	-25 °C ... 55 °C

Accessories

Business data

Order number	31020000007
Packing unit	10
Minimum order quantity	10
Products weight (without packaging)
