Overview

Product information

PV-BOX-P-68-58-00Z(H)-29040000012

It offers customers IP66-rated protection and is suitable for communication connectors; it accommodates cables of various diameters, and the stable base withstands higher torque.

Product advantages

☑ The base is stable, capable of withstanding higher torque, and ensures secure assembly.
☑ Suitable for the protection of communication connectors.
☑ IP66-rated protection
☑ Compatible with cables of various diameters.
